

MILESTONE of EXCELLENCE

CHRIS TURYSTYKA I REKREACJA

The International Camping Fellowship celebrates with Chris Turystyka i Rekreacja as it achieves its Milestone of Excellence.

Your 30 years of great camping leadership is one of the best examples of the spirit of camp and supports the ICF wish to *'bring together the world of outdoor experience'* through camping.

We hope that your celebration is rich and rewarding as you prepare for the future of great camping within your camp and within your country.

Children all over the world are the beneficiaries of the work you do, and your part in that is both historic and important.

We are all grateful.
